Dear Mr. Jackson:

Re: Final Reclamation, Big Cottonwood Clay Pit, M/035/003, Salt Lake County, Utah

On February 1, 1977, the Division received a Notice to Commence Mining Operations from Interstate Brick Company for the above referenced site. On August 23, 1977, final approval was granted by the Board of Oil, Gas and Mining. At that time, a Board Contract was signed for the amount of \$13,571.

This mine has been inactive since 1985. Earlier this fall, you suggested post-mining uses of the site that vary from the approved 1977 Mining and Reclamation Plan. On September 27, 1988, I sent you a letter asking for a reclamation commitment by October 31, 1988. We have not received this commitment.

We are willing to work with Interstate to allow for alternate reclamation; however, we must have your plans in this office no later than January 13, 1989.

Thank you for your cooperation.

Sincerely,

*Lowell P. Braxton*
